FORWARD-LOOKING STATEMENTS

This press release contains "forward-looking statements" – that is, statements related to possible future events. Forward-looking statements often address expectations and beliefs as to future performance, results and business plans. You should not place undue reliance on forward-looking statements because they speak only as of the date they are made and are necessarily subject to risks and uncertainties that could cause actual results and performance to differ materially from those expressed or implied by such forward-looking statements. Among the factors that could cause FGIC's actual results or performance to differ are, without limitation: (1) FGIC's ability to close the offer within the time frame and on the terms required by the NYID or otherwise; (2) FGIC's current negative policyholders' surplus and FGIC's ability to restore and maintain the statutory required minimum policyholders' surplus even if it closes the offer and other contemplated restructuring transactions; (3) the extent to which FGIC is able to pursue and achieve other strategic alternatives, either with or without the participation of potential investors and other third parties; (4) the results of FGIC's other loss mitigation efforts, including FGIC's ability to consummate contemplated transactions with certain counterparties on certain credit default swaps and other obligations insured by FGIC; (5) a decision by the NYID or FGIC's other regulators to take further regulatory action such as rehabilitation or liquidation of FGIC by the NYID at any time due to FGIC's current failure to maintain the statutory required minimum policyholders' surplus or otherwise; (6) legislative and regulatory developments within the United States and abroad, including the effect of new pronouncements by accounting authorities; (7) fluctuations in the economic, credit, interest rate or other environments in the United States or abroad; (8) potential consequences of FGIC's continued suspension of claims

payments or FGIC's inability to recommence claims payments such as the risk of defaults under FGIC-insured credit default swaps, FGIC Corporation's and FGIC's revolving credit agreement and FGIC Corporation's senior notes indenture, non-payment of premiums and other amounts owed to FGIC and possible limitations on FGIC's rights under other agreements; (9) higher losses on FGIC-insured obligations due to deterioration in the performance of residential mortgage loans or otherwise; (10) possible defaults and/or additional ratings downgrades or other adverse actions with respect to mortgage-backed securities or other obligations insured by FGIC; (11) the commencement of new litigation or the outcome of current and new litigation; (12) further deterioration in general economic conditions, including as a result of the financial crisis as well as inflation, interest rates, foreign currency exchange rates and other factors and the effects of disruption or economic contraction due to catastrophic events or terrorist acts; and (13) other risks and uncertainties that have not been identified by FGIC at this time. Forward-looking statements are based upon FGIC management's current expectations and beliefs concerning future events. FGIC undertakes no obligation to update or revise any forward-looking statement, whether as a result of new information, future developments or otherwise, except as required by law.
